### IRBA Release its third Audit Quality Indicators Report

Johannesburg / 31 March 2022

The Independent Regulatory Board for Auditors (IRBA) has released the third annual Audit Quality Indicators (AQIs) report. AQI reporting continues making headway by placing actionable information in the hands of stakeholders and places a meaningful quantity of data in the hands of users.

AQIs refer to a portfolio of quantitative measures provided by an audit firm to those charged with governance (TCWG) of their client or future client, for use in providing insights about audit quality. These measures could be used to enhance dialogue about, and an understanding of, auditors and their audits as well as ways to evaluate their audit quality.

The AQI report is available for download on the IRBA website, at [www.irba.co.za](http://www.irba.co.za)
